SELETTI

Seletti, a history of vision and evolution. Ever since it was established in 1964, the company has pursued its mission of making the most of professionalism, service and above all an endless product research, striving for improvement, innovation and originality. Today the company further focuses on design projects and on the creativity which characterizes the Italian excellence. Products are enriched with style, quality and recognizability, and are created by important international designers. The collections created from this new point of view have enabled Seletti to launch products on the market in the last decade that have become classics, recognized and appreciated all over the world. Today the personality of the brand is synonymous of value, movement, provocation, innovation, originality. It is art blended with daily life icons, objects that send a message of shape, function and the possibility to create a unique, personal, fun life style to the end users. Today Seletti aims at a new kind of production and daily life, an on-going journey within the idea of beauty.

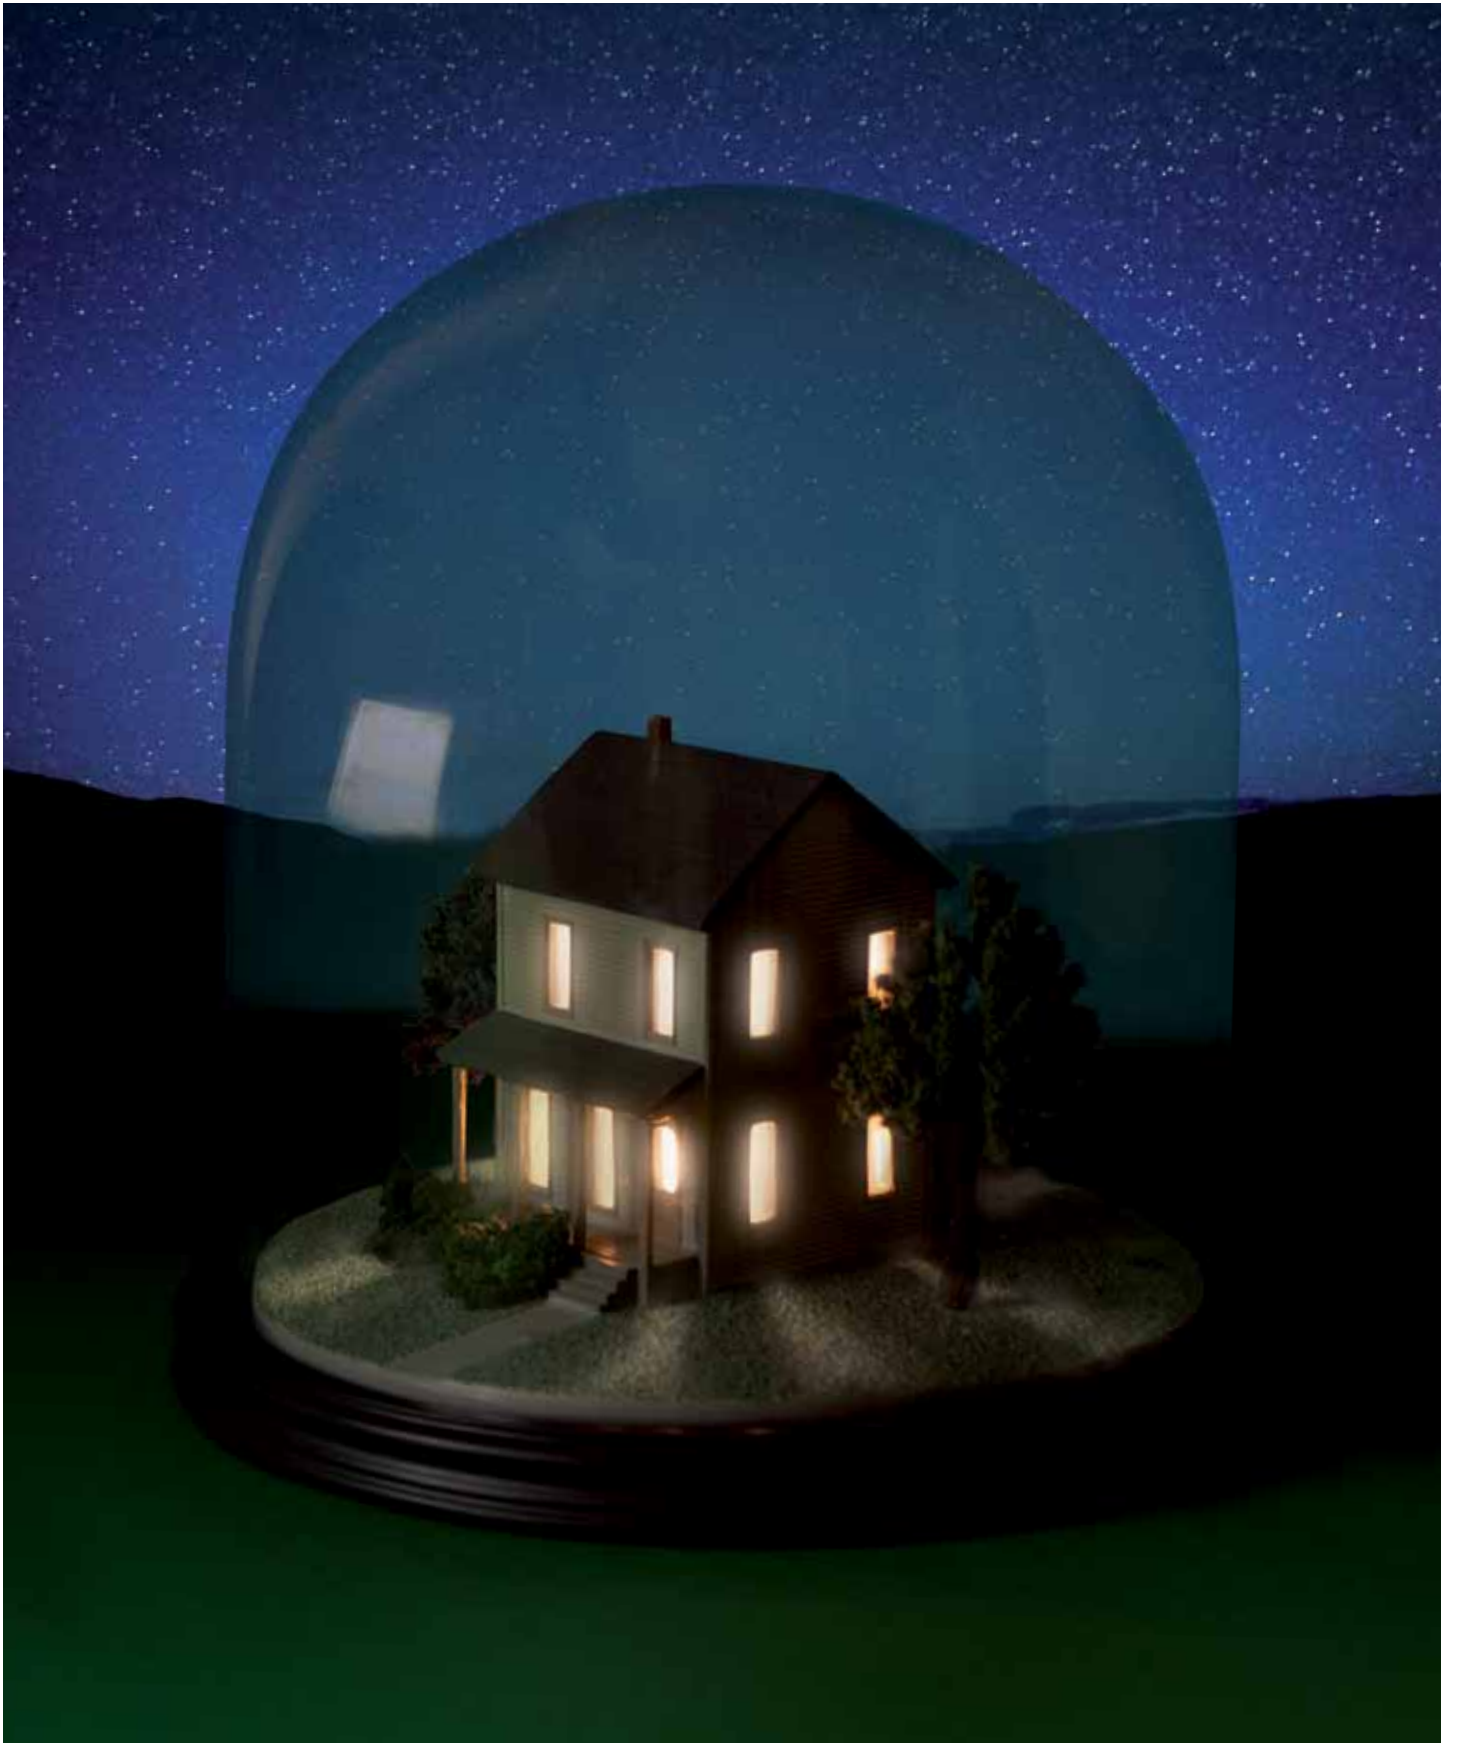

Seletti has been particularly focused on developing products within the constantly evolving lighting sector, creating a real “collection within a collection”.

Seletti has expanded its range of products through design proposals characterized by its strong brand personality, and the contribution of Italian and international designers. The new collection includes a tribute to art world with **MRND** lamps, little parallel universe and sculpture-like icons with **Monkey Lamps** and also modular lighting concept with **Alphafont**. Besides its strong creative content, these products are also designed and manufactured thanks to the latest certified technologies in the LED industry. The Seletti LIGHTING collection is dedicated to all kinds of point of sales: from furniture stores to accessories shops, department stores, boutiques, etc. – which offer design objects and want to differentiate their lighting range.
